

Wednesday.

Hi Vicki & Jim,

Just a note before you take off on your vacation. And I hope you get it before Monday!

I expect you're really busy this week with company and getting last minute things accomplished -

We're having rain today after 2 or 3 nice days in which I worked in the yard and developed many sore muscles I'd forgotten I even had. But it does begin to look better -

Jerry got back safely from Calif. Sunday morn. - He had a young acquaintance with him - a Canadian boy. He stayed until yesterday and then headed home via train to Edmonton - they had a very good time I guess. Weather warm, etc.

No other news - take care now and send us a card or two -

Lots of love, Mom & Dad.
